

WEU New Swim Lesson Policies for Families, Staff, and Facility

First and foremost, thank you all for your patience and support through the past couple of months as coronavirus has turned so many worlds upside down. As we begin to anticipate reopening we want to be sure that we are doing so in a way that is thoughtful, conservative, and puts the health and safety of our instructors and your families as a priority.

Please take a moment to review the changes to our facility so that our reopening can be smooth for everyone.

Actions of Families

We encourage families to come to lessons with just one adult with their swimmer, doing your best to leave extra adults and children at home if possible.

If you or anyone in your family is feeling ill, or have concerns of a potential exposure please under no circumstances come to your scheduled lesson.

All adults are to please wear a mask while inside the pool area. Any type of mask is acceptable cloth, bandana, etc.

Swim caps required for all students ages 10 years and older. Younger children: ALL long hair must be tied up in a ponytail completely, to remain off students face.

Our three changing rooms are going to become single use, one child or family at a time.

Actions of Facility

NEW One-Way traffic for entrance and exit. *Please enter the pool area through the double glass doors on the deck that go directly into the pool. You'll remove your shoes and place them by the doors mid-pool that enter into the store area. *Exit will be leaving through our big party room, the doors that go directly into the store....not the same entrance you came in. Signs will be posted.

We have blocked off time during lesson shifts to help spread out families coming and going from their lessons. During this time the staff will also be doing an additional bathroom and surface clean.

Our staff are being fever screened the night before and the morning of their lesson days.

Staff will be wearing buff gaiters during lessons to keep their mouths and noses covered. staff/instructors will submerge themselves after each student in the pool.

We reserve the right to refuse your child's entry into the pool if they come to the facility and appear sick.. ie: coughing, stuffy nose, wheezing, skin hot to the touch, etc.

We are happy to extend expiration dates for existing lesson packages, please email campweu@gmail.com if you would like us to do that for you! We are unable to process refunds, and we

appreciate your understanding as we are truly doing our very best to be flexible and still able to move forward as a business.
